

ANSWER BOOK

I AGREE TO ABIDE BY THE SENATE POLICY ON CONDUCT OF ASSIGNMENTS, MID-TERM EXAM, AND FINAL EXAM

Student's name: **Thakur, Amey Mahendra**

Student ID number: **110107589**

Assignment on **Fuzzy System**:

Q2b. Solution:

$$y_1 = \min(10, \max(3 * 0.8, 0)) = 2.4$$

$$y_2 = \min(10, \max(3 * (1 - 0.3) + 2, 0)) = 4.1$$

$$y_3 = \min(10, \max(2 * 0.3 + 5, 0)) = 5.6$$

$$y_4 = \min(10, \max(2 * (1 - 0.1) + 8, 0)) = 9.8$$

$$y = \frac{(0.8 * 2.4) + (0.3 * 4.1) + (0.3 * 5.6) + (0.1 * 9.8)}{0.8 + 0.3 + 0.3 + 0.1}$$

$$y = \frac{5.81}{1.5}$$

$$y = \mathbf{3.8733}$$
